Subject: RE: New PRIA assignment--R340 amendment for 8329-67; addition of new container type

Hi Beth,

Okay, sounds good. I looked over the bean for 1021-1803 and it seems straight forward so I don't have any questions right now. I am waiting on an update from EISD because I still do not have access to Documentum. Hopefully they'll resolve the issue today or I'll ask someone to send me the documents.

Thanks,
Kaitlin

Subject: New PRIA assignment--R340 amendment for 8329-67; addition of new container type

Hi Kaitlin,

Please work on the following PRIA and create a bean for CITAB/Chem. This is a new container type related to the PFAS issues Jenn and Jackie have discussed at staff meetings. No bean is needed for acute tox. Please use the bean created for 1021-1803 under the most recent R340 action in OPPIN as an example for this bean. Set up a time for us to meet if you need more information or have questions. Please try to do this by tomorrow. Copy Jackie on the bean to CITAB as she is tracking these for RD management.

Thanks,
Beth
